Tel: +86-755-86670672 Fax: +86-755-86670609

E-mail: sales@pknergy.com Website: <http://www.pknergy.com>

- Incorrect usage or inappropriate operation.
- Insufficient ventilation of the device.
- Failure to observe the applicable safety regulations.
- Force majeure, neither does it cover cosmetic defects which do not influence the energy production.

### **Warranty conditions :**

If the battery becomes defective during the agreed factory warranty period and, unless this should be impossible or disproportionate, one of the following options will be selected at the discretion of factory:

- Battery repair.
- Battery repair at on-site.
- Exchange for a replacement device of equivalent value with regard to model and age.

In the latter case, the remainder of the warranty entitlement will be transferred to the replacement device and your entitlement will be documented at factory. excessiveness in the meaning above exists in particular if the cost the measures for factor will be unreasonable.

- In view of the value that the device would have without the defect.
- Taking in account of the significance of the defect.
- After consideration of alternative work around possibilities at factory customers could revert to without significant inconvenience.
